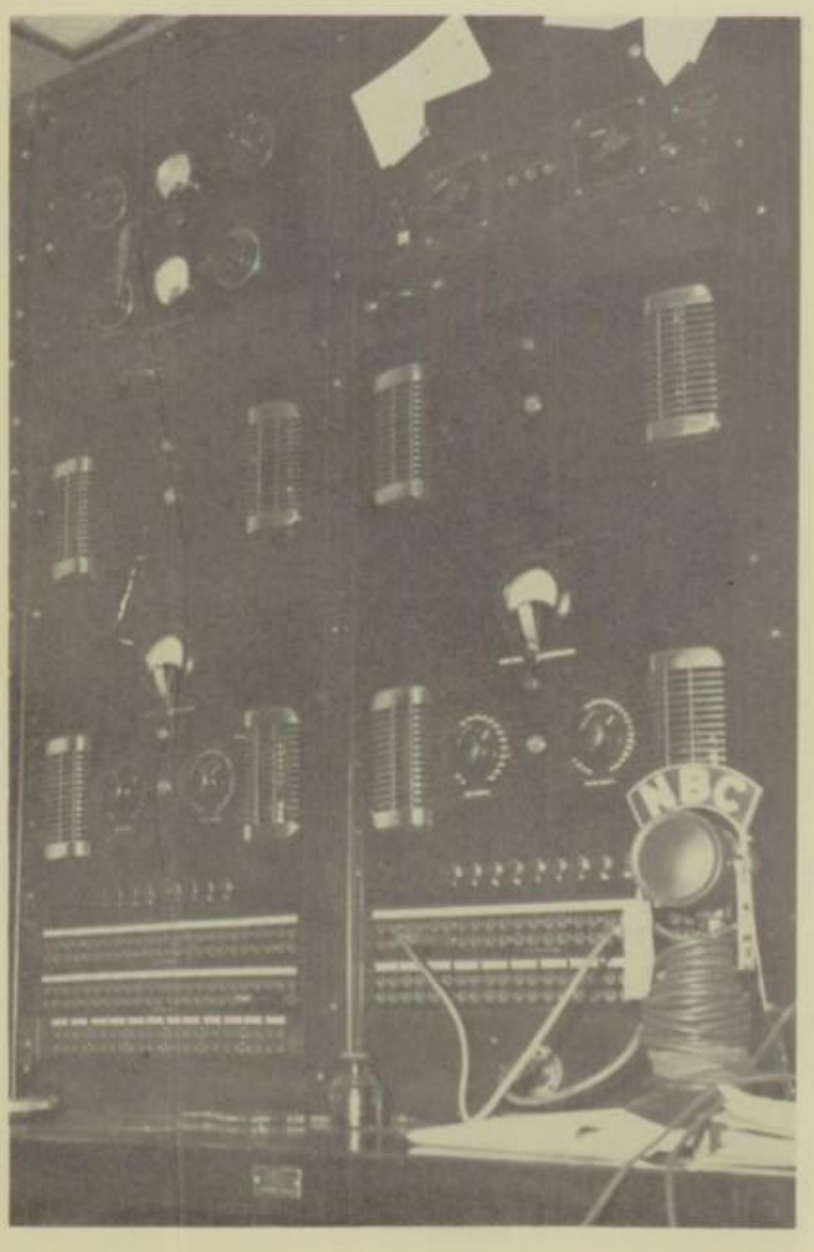
FORWARD

The Wecomi staff of 1947 in choosing a theme for this year's annual picked the radio, the symbol of progressive modern civilization. Just as the radio gives us a cross-section of the average American's life, so, in carrying out this theme, we will try to present a cross-section of life in our Alma Mater.

The radio has become an integral part of our lives and promises to prove still more important in the years to come. Without it, our modern civilization would cease to exist. In the future we may be able to heat our houses, cook, and even run our cars with it. The possibilities for W. C. H. S.'s future are also unlimited.



The staff hopes that this publication will give a clear portrayal of high school life which is, as in radio, a continuously advancing, ever interesting program of life.

MISS ELIZABETH G. HUSTED

'Way back in 1927, before most of us were born, the face of a new teacher was seen around the halls of W. C. H. S. Miss Husted, for it was none other than our well loved "Eckie", plunged immediately into school life, becoming very popular. Filled with emthusiasm and original ideas, Miss Husted made her classes and clubs so interesting and yet different that she quickly won the esteem of the whole school.

That there is something different about her classes is sensed the minute one enters the classroom. Although she is a strict disciplinarian, the paradox is that her classes enjoy a comparatively large degree of freedom. The secret of it all lies in her character and attitude. Having taught school for so many years she understands the working of the teen-ager mind and conducts her classes in such a way as to appeal to the students.

Giving her the top spot in our Hooper ratings, the class of '47 is proud to dedicate this edition of the Wecomi to Miss Elizabeth G. Husted.

DEDICATION

PRODUCTION CREW

The Wecomi Staff worked under certain difficulties this year, the two main ones being rubber cement and typing. Who will ever forget when the rubber cement spilled all over the floor and the enjoyment of trying to mop it up, or the time when the home room pictures just wouldn't turn out, or the photographer from Kohli's with the S-M-I-L-E. None of the staff can ever forget these little incidents or the many others which seemed so serious at the time. Now we can look back and laugh, remembering only the fun we had together.

THE SCHOOL BOARD

Standing--Roberts, Tibbetts, Peters, Douglas, Moore, Pieronnet.
Seated----Cooley, Burt, Kimbell, Milne, Searight, Player.

Our sponsors, who act in our behalf as adjustors in the everchanging problems of modern reconstruction, are always alert to our interests of school betterment and progress. They are assisted by a capable administrative staff consisting of Mr. Tibbetts, Mr. Roberts, and Mr. Burger. This harmonious group is always willing to lend a listening ear and a helpful hand to discerning students.

Many new ideas have been given a trial this year. We are still using the staggered schedule and are experimenting with a new activities period which should prove very successful because of the variety of activities. To aid the crowded conditions this year the park building was secured and commercial classes were held there. We are very grateful to these fine, understanding people who have our best interests at heart.

Mrs. Boren

Miss Chiles

Mr. Colin

Mrs. Mary Louise Boren A capable teacher in our science department,besides being an apt seamstress. Her cheery smile is enjoyed by all who know her and meet her in the halls.

Miss Helen Chiles Everybody's friend and advisor. Her bright dresses, "blue Mondays", and weird way of knowing when your Latin wasn't prepared are unforgettable memories.

Mr. Charles Colin His habit of chewing grass is merely one of the things that makes him an outstanding coach. His dancing ability has made many of "his athletes" envious. We're also thankful to him for our mascot,"Little Butch."

Mr. Corbin

Mr. William E. Corbin He is most often seen around school in that lovely smock he wears in the shop. Under his supervision, our boys turn out some admirable masterpieces.

Miss Marcia Cowen Our friendly and helpful backbone of Y-Teen. Working with her is a pleasure as any girl who has had the opportunity will affirm. She gives us our thorough backgrounds in English, Remember the short story and poetry collections?

Miss Cowen

Mr. Arthur L. Cox Our mathematics instructor, Mr. Cox comes to us this year after serving in the Armed Forces. His geometry classes are his main joy.

Miss Margaret Dirks Her appreciation of music has been instilled into many of us permanently. She teaches appreciation classes this year which have been very successful. Her hearty laugh,clothes, and jewelry are memories we'll retain.

Miss Grace M. Felgar Her charm and friendly advice are invaluable to all those lucky enough to receive it. Sewing and creating hats are only two of the things she does in her spare time. Making others happy,and encouraging them to get the best out of life claims some of her other moments.

Miss Dirks

Miss Felgar

Mr. Cox

Mr. Griffith

Miss Hartwich

Mr. Horsley

Mr. Fricke

Mr. Garner

Mr. Lloyd C. Fricke Our new track coach this year and already the friend of many. His pet expressions to his boys at track meets, and shy smile are things we won't forget soon.

Mr. Don S. Garner "That mean ole man" who takes our poor boys out in the weather and endeavors to build them into healthy American boys. He deserves credit for not becoming discouraged at times. He stays young by participating in so many gym classes.

Mr. Harold R. Griffith This year a newcomer to W.C.H.S., our capable English teacher has helped many of us to become fluent readers.

Miss Grace Hartwich "Hey kids-have you seen the new Spanish teacher?" greeted us the first day of school, and she proved to be exactly as grand as she appeared. Her amiable manner has made her the friend and favorite of many. Ever heard those Spanish songs?

Mr. Robert Horsley "Commander" has returned to us this year after a few years in the Navy,and its grand to have him with us again. He introduced wrestling to the fellows this winter and conducted a very successful tournament. You made an adorable Santa Claus,too, Coach.

Miss Tillie G. Houts Her lengthy speeches to her art classes...being smeared with paints...and the beautiful abstracts her students create, are a few of the memories we have of her. Her daily chore of posting the announcements has made her known to many of us, who are "un-artistic".

Miss Elizabeth Husted Her's is the thankless job of getting us to clear the halls,etc. after school. Ever heard her accuse you of having one of those voices that carries? She has been a great help to many of our organizations and we are appreciative of her services.

Miss Houts

Miss Husted

Miss Johnson

Miss Kohlmann

Miss Mildred Johnson Our competent typing teacher-"Are you ready?" greets us every day. Do you recall how proud she is, when one of her better students makes a high score without errors?

Miss Eleanore Kohlmann In the classroom and otherwise, a grand teacher and friend. She has been made very happy by the installation of the new kitchens. The lovely flowers that grace her desk cause numerous questions as to their origin. By the way, who does send them?

Mrs. Birney Lytle Our favorite speech teacher and dramatic director. Her tales about Kansas are always amusing. Remember, how she analizes your faults in a nice way and encouages you to forget your self-consciousness in the presence of an audience?

Miss Edith R. McCormick Acting as advisor to college bound seniors and to the Broadcast keeps her very busy. Bridge and knitting are two of her hobbies.

Miss Jennie B. Miner As sewing instructor, her desire to keep everything in apple-pie order is instilled in her pupils. That sigh you heard after the style show was hers, but she can be very proud of the talent she relays to the girls.

Miss Agnes Montgomerie The librarian who proves so helpful in suggesting theme topics, term paper and project material to bewildered students. "Let's have less noise over there, and only three at that last table."

Mr. Ernest E. Poe A mainstay in our science department. His extensive wardrobe of matching coats and trousers have filled many book covers of students who have tried to keep a record of them. His untiring patience and humor are appreciated by his pupils.

Mr. Schaffnit

Mr. Sandholm

Miss Scharnweber

Mr. Frank H. Sandholm His classes are made more interesting by jokes as only Mr. Sandholm can tell them. Those senior Econ. classes will never be forgotten. Remember the Park Building with all its disturbances.

Miss Gladys Scharnweber She drills and drills her commercial students until they become excellent typists and shorthand artists. She even furnishes music for them much to the delight of neighboring students.

Mr. John Schaffnit Another ex-service man we welcome back into our science department. Many lost chemistry students have been made to see the light through his teaching. That look of his is intriguing,isn't it?

Miss Agnes Sparks Her smile is her trademark whenever you see her. She is always willing to help,and she has the unique ability of helping us understand things clearly. The sophomore class has been greatly aided by her guidance.

Mr. Charles B. Vaughn "Arky" That language all his own and his attractive clothes will always distinguish him. Social science and history keep him occupied. Too, he helps our tennis team win victories for our school.

Mrs. Elizabeth R. Vining Her original idea of no homework on week-ends was one of our favorites. So was she. We learned from her,in spite of ourselves,and sometimes math even seemed easy. She is co-advisor of Y-Teen.

Miss Marian Werner Physical education for girls and supervising G.A.A. are her main duties. She is responsible for helping the girls develop an interest in a variety of sports. Her friendliness has won admiration for her among all the students.

SCRIPT

The time is September, 1943. The place, the assembly hall. Here is gathered for the first time the class of 1947. They hear those unforgettable, unseemingly impossible words, "It won't be long before you will be walking across this platform and receiving your diploma.

We then all thought that occasion would be four long years of hard work mixed in with fun. As green freshmen we established our reputation under the leadership of Stan Hyde, Joy Carlson, and Marthann Black. We weren't fooled by the senior's advice to use the elavators.

By the time we had gotten used to the 100 yd. dash to lunch, admittance passes, and the uppity attitude of the upperclassmen we were well on our second year of learning. An outstanding reception, including a floor show, was given for our successors, the new freshmen. Dick Gilbert, Frank Golder, Jean Decker, and Dortheann Zarbock were our officers for the year. All of us suffered from stage fright in speech classes and gloated at the people in the last row of the geometry class. With hill-

billy entertainment from radio station WLS, we caravaned down to Herrick's Lake for the first Fall-Round-up. The war was still in progress and our class went after that half-day holiday reward by winning the bond drive.

The new schedules were in the making for all of us when we came back in the fall of 1945 to assume the task of being almost upperclassmen. This year we too were included in the freshies' reception for a whole school party. Our junior leaders were Bob Mount, George Heller, Nancy Fredericks, and Cathy Fitzgerald. Just to be different, a murder mystery, "No Way Out", was given for the customary junior play. Our class again won the last war loan bond drive and the reward of almost a half-day off. Our feminine leaders planned with the seniors for the senior girl's dance out at St. Andrews. The school's first Pigskin Prance, in honor of the victorious football team, was even divided into quarters so the band could take time out. For the school Christmas play Dicken's "Christmas Carol" was presented--something never to be forgotten. Remember Sam Campbell and his Eeny, Meeny, Miny, Mo, and Still Mo?

Yes, Wheaton High that year went on the radio. Station WGN honored us on "Citizens of Tomorrow" when we saw how producers go crazy keeping within the time limit. The Hardwood Hop with a queen was staged in March. That was the year Yale Whitmer discovered he didn't have B.O. but the fact that he was coming down with measles made everyone shun him. To help finance our prom we held the "Jean Jump" where square dancing and a box social were on the program. We gave the '46 class a wonderful prom at the Elmhurst Country Club.

That was the year we learned the dangers of acids and found out the mysteries of lipstick through chemistry. Tuesday papers and English Lit. were well-won battles and then came June when with report card in hand we realized we were officially seniors.

Collegiate is the word for describing the change in W.C.H.S. The park building with its soundproof(?) walls was added as the commercial department. Lonnie Duner's absence was noted that last year as we all missed her warm friendliness. A new Coke machine was installed in the cafeteria. Need we say more?

We senior girls went back to the Elmhurst C. C. for the senior dance. Our officers for that eventful year were Larry Freedlund, Bob McCarthy, Eileen Lacey, and Elwood Chaney. Our "Fire Ball" was so famous that it was written up and published in the Chicago Daily News. One of the most unique Christmas dances was given with the theme, "Christmas At the Lodge." Remember how we enjoyed the Henry J. Taylor talks and the unbiased judging of the soc. debate on "Heredity vs. Environment."

Then came that never to be forgotten political assembly when our class took over the campaigning and almost redecorated the school. Class night started the accumulation of our activities--the official ditch day, senior general exams, our wonderful picnic and finally the last exams.

The time is June, 1947. The place, assembly hall. Here are gathered parents, teachers, and friends to witness our receiving that still unbelievable notice of graduation--the diploma.

Yes, we learned much useful knowledge and received valuable learning in these past four years, but amidst struggles and shadows the memories of the excitement, the joys, the pleasures, and the warm friendships of these days serve to smooth the pathway and gladden us on our way.

STARS

Our efficient classmate starred in almost every field of competition she entered. No need to ask Mary what she got on her report card for by the time we were upperclassmen we got used to all those "A's". From a Minneapolis annual, quote, "This book was made possible thru her efforts", unquote.

What would we have done without Joan to accompany us during all those pep meetings, assemblies, and concerts? Joan, who can play any tune, gave the public a sample of her talent with a radio program over Aurora's WMRO. Two Fortune Guild plays saw Joan giving us her dramatic ability as well.

Our citizen was well represented by all who met her cheering personality. Y-Teen was headed by Nancy who was honored by the faculty members and her fellow seniors for receiving the D. A. R. citizenship award.

Larry had the honor of being senior president and first judge of our student court. Our choir performances weren't complete without a song from him. Our football team was co-captained by this ambitious young lad.

As captain of our basketball squad, Dick, with three years experience behind him, two of which were spent on the varsity, led our team in high calibre playing. One of the leading conference scorers, he also starred in football and track.

VARSITY

This year's football season was not too successful from a won and lost standpoint.The Tigers had their worst season in several years, however, the boys on the team gained something that they never received in a winning streak... they learned how to fight against high odds, and come up smiling even though they lost.

The fans gained something also, and continued to back their team all season.

The Geneva Game gave the season a measure of success. At this time,after losing four straight games, the Tigers defeated the previously unscored on Geneva team 25 to 14. George Dryden, the team's spark-plug all season, ran wild to score 19 points. Dick Dickleman gave the crowd a thrill with a fifty-five yard run to the goal posts.

Dryden and co-captain Larry Freedlund won mention on All-Conference Teams.

FROSH-SOPH

Wheaton's Frosh-Soph Team had one of its best years as it rang up six victories against one defeat,plus a tie.

Led by husky Dick Balzhiser, they bowled over several teams by big scores, and lost a heart-breaker to Naperville.

The Cubs finished second in the conference.

Next year's prospects look good. Dryden, Dickleman, Bauler, McCarty, and several linesmen ,together with some able members of the Cubs should form the nucleus for next year's team.

BASKETBALL

VARSITY

The Tiger Basketball team had an in and out season. Consisting almost entirely of underclassmen, the team played excellent ball in several games. Led by its captain, Dick Mize, the team won ten and lost ten in regular season play.

The Tigers lost a hard-fought battle to East Aurora in the Regional Tournament.

They finished fourth in the Little Seven with an eight to six record.

FROSH-SOPH

The Frosh-Soph team enjoyed their most successful season in years. In spite of a thrilling 49 to 48 over-time loss to Dundee, the Cubs tied for the Little Seven title with a 12 to 2 record.

Prospects for the coming year look excellent with five lettermen returning and several promising sophomores coming up. Next year should find us near the top.

The purpose of the organization is to direct, finance, and promote athletics. Besides the faculty advisers and the athletic heads, the A.B.C. is composed of the varsity captains, the G.A.A. president, who automatically become members, and two students who are chosen by the board.

G.A.A. met every Tuesday and Thursday after school. Enthusiastic members could be found at these times playing basketball, volleyball, tennis, badmitton, deck tennis or down in the tumbling room doing gymnastics.

Points can be won and awards given in these individual and team sports. They are as follows: Numerals, 600 pts.; Letter (W) 1200; State I, 1600; State Emblem, 2000.

Gym classes also carry out an active program. Classes are held three times a week and give girls a chance to play many individual and team sports. For those who are unable to be members of G.A.A., gym carries out a similar program.

STUDENT CONFERENCE

Among the accomplishments of the Student Conference for the semesters of 1946 and '47 were the all-school Fall Roundup at Herrick's Lake, the establishing of a student snack bar, the purchasing of a juke box, and the establishing of a noon hour program to take care of the free time during the lunch hour. The Annual Alumni Christmas dance, held in the gymnasium, proved to be the most successful of its kind. A student court was elected, and plans were made for an extensive program. For the first time the Conference sponsored a real circus which was a big success and showed great prospects of many future ones. During the first semester our officers were: president, Bob Mount; vice president, Lee Droeger; secretary, Cathy Fitzgerald; and treasurer, Jean Decker. At the beginning of the second semester an exciting campaign was held and as a result, the Conference is led by a girl for the first time. The present officers are: president, Sylvia Tullar; vice president, Bob Hadley; secretary, Joan Mize; and treasurer, Pat Berry.

USHER CREW

Usher Crew is the club that takes care of getting ushers for all the plays, band concerts, and so forth during the year. Miss Husted is in charge and she assigns the girls to their posts on the different occasions. Boys may also be in it, but it is made up mostly of girls.

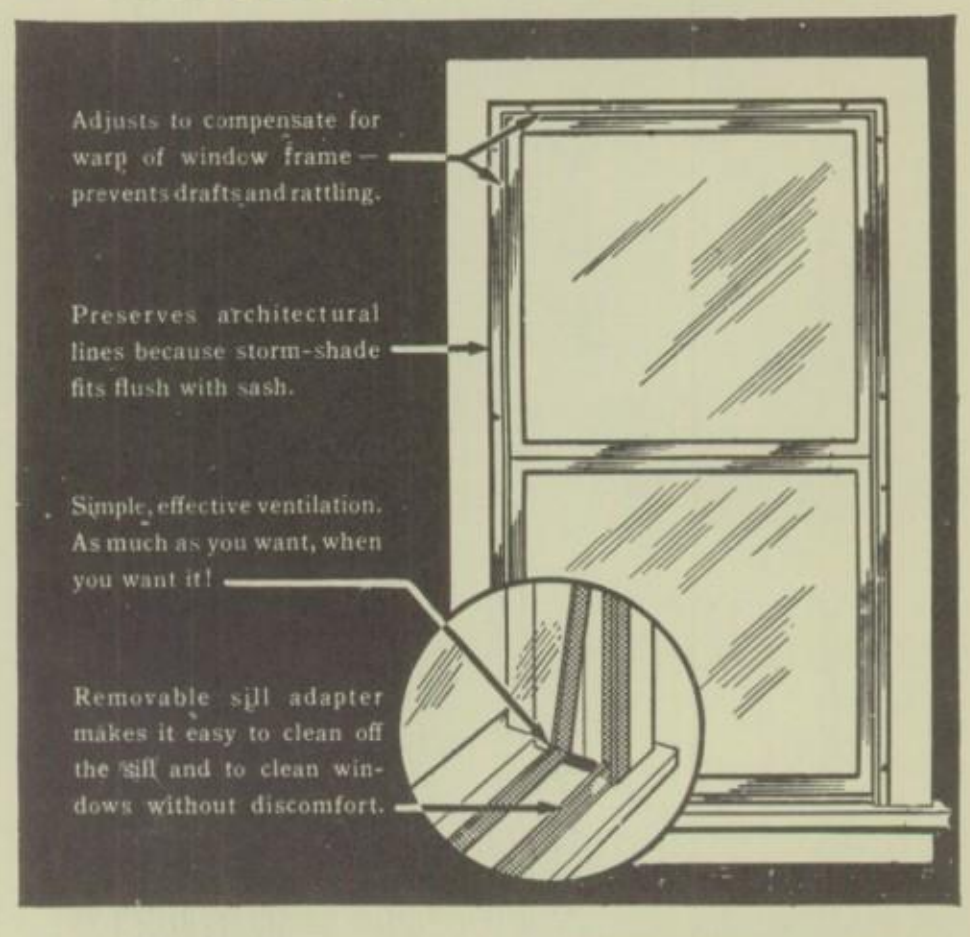
The Product of the Year!

NOW AVAILABLE!

OUTSTANDING NEW

STORM-SHADE*

PROTECTS YOU FROM BOTH SUMMER SUN HEAT AND WINTER COLD



Adjusts to compensate for warp of window frame — prevents drafts and rattling.
Preserves architectural lines because storm-shade fits flush with sash.
Simple, effective ventilation. As much as you want, when you want it!
Removable sill adapter makes it easy to clean off the sill and to clean windows without discomfort.

Combined with

KOOLSHADE* SUN SCREEN

KOOLSHADE Sun Screen is a specially designed metal fabric. In effect, it's a miniature venetian blind that keeps the sun heat rays *out*, but lets light *in*. KOOLSHADE blocks, reflects, absorbs and radiates up to 90% of the sun's heat rays *outside* the window. Keeps rooms as much as 15° cooler! Insect-proof, too.
